Step 6 - Monitor factory capacity

What to do

1. Open Capacity.
2. Review category utilisation for your facility.
3. Watch for warnings near 80% and blocks at 100% authorised TPA.
4. If Form 6 would exceed capacity, you need an approved override reason - do not bypass silently.

Tip: Capacity protects regulatory limits. Escalate to Urbeno admin before forcing an override.

Step 9 - Sign out

What to do

1. Click Logout when finished.
2. Confirm the Sign In screen appears.
3. Never leave a signed-in factory session on a shared kiosk.

Tip: Factory sessions can create legal documents (MRN / Form 6). Always sign out.

The image shows a sign-in screen for Urb TecTrack, an e-waste management platform. At the top, there is the Urbeno logo (a green circular arrow) and the text 'Urbeno RECYCLING HEROES'. Below this is the 'Urb TecTrack™' logo and the tagline 'E-waste management platform'. The sign-in form includes an 'Email' field with the placeholder 'you@company.com' and a 'Password' field with masked characters '*****'. A green 'Sign In' button is positioned below the password field. At the bottom of the form, there is a link that says 'Forgot password?'.
