Client User (Requestor) - Training Guide

Waste generator / client organisation users who raise, track, download documents, and close collection requests

Version: 1

Portal: <https://tetrack.urbeno.in>

Sign-in: issued separately by Urb TecTrack (not listed here)

Support: info@urbeno.in

Format: screenshot + detailed how-to for each step

This guide is for classroom or self-paced training. Follow the numbered steps on each page. Tips call out common mistakes.
Credentials are delivered by system email - never copy passwords into this PDF.

How to use this training guide

- Work through steps in order during a live training session or while practising on UAT.
- Each step has: What to do (numbered), Tips, and a full-page screenshot of the screen you should see.
- Pause after each step and confirm the Expected outcome before continuing.
- Ask your Urbeno facilitator to advance staff/factory actions when your role cannot perform them.
- Record questions in your notebook; report defects using the Client/Factory/Admin UAT results workbook.

Training agenda

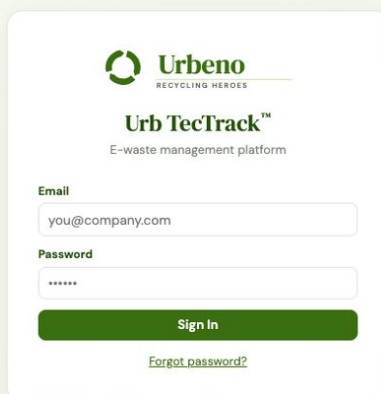

- Step 1 Open the portal and sign in
- Step 2 Home dashboard
- Step 3 New collection request form (filled)
- Step 4 Request submitted (Stage 1)
- Step 5 My Requests list
- Step 6 Follow a request through the lifecycle
- Step 7 Download Form 6 when available
- Step 8 Certificate of Destruction available
- Step 9 Recycling Heroes
- Step 10 Sustainability figures
- Step 11 Reports and exports
- Step 12 Terms of Use
- Step 13 Profile and password
- Step 14 Sign out safely

Step 1 - Open the portal and sign in

What to do

1. Open <https://tectrack.urbeno.in> in Chrome, Edge, or Safari.
2. Enter the email from your account notification.
3. Enter your password (or temporary password from the welcome email).
4. Click Sign In.
5. On first login, accept Terms of Use and Privacy Policy.
6. Change a temporary password immediately when prompted.

Tip: Never share your password. Contact info@urbeno.in if locked out - do not email your password.

The image shows a login form for Urb TecTrack, an e-waste management platform. The form is centered on a light green background. At the top, there is the Urbeno logo (a green circular icon with a white 'U') followed by the text 'Urbeno' and 'RECYCLING HEROES' in smaller text. Below this is the 'Urb TecTrack™' logo and the text 'E-waste management platform'. The form contains two input fields: 'Email' with the placeholder text 'you@company.com' and 'Password' with placeholder text '*****'. Below the password field is a green 'Sign In' button. At the bottom of the form, there is a link that says 'Forgot password?'.

Step 2 - Home dashboard

What to do

1. After sign-in you land on Home.
2. Read the welcome line - your name and organisation.
3. Review tiles: open requests, completed work, recycled kg, trees planted.
4. Navigation: Home, My Requests, Recycling Heroes, Sustainability, Reports.
5. Click + New Request when ready to raise a pickup.
6. Your lifecycle: raise -> Urbano ack/vehicle/weigh/invoice -> Factory MRN & Form 6 -> Urbano CoD -> you download Form 6/CoD -> you close after payment.

Tip: You must NOT see Masters, Audit, Capacity, or Compliance. Figures are your organisation only.

Step 6 - Follow a request through the lifecycle

What to do

1. Read the stage badge and header (site, raised by, dates).
2. Refresh as Urbeno advances vehicles, invoice, Form 6, and certificate.
3. Confirm you do NOT see Create MRN, Acknowledge, Assign Vehicle, Weigh, Raise Invoice, or Upload Certificate.
4. When Form 6 is approved, download Form 6 PDF if offered.
5. When CoD is uploaded, download the certificate PDF.
6. When certificate + payment are complete, use Review & Close.

Tip: Clients close after certificate + payment. Client Read Only can download but cannot close.

The screenshot displays the Urb TecTrack web application interface. The left sidebar shows navigation options: Overview, Home, My Requests (selected), Impact (Recycling Heroes, Sustainability), and Records (Reports). The main content area shows the details for request **REQ-00050**, which is marked as **5. Closed**. The request was raised by TechCorp Pvt Ltd at Embassy Tech Village on 04 May 2026.

Step 11 - Sustainability figures

What to do

1. Open Sustainability.
2. Review recycled weight, CO2 avoided, and related impact.
3. Open methodology notes if offered.
4. Download Impact PDF when you need a shareable summary.

Tip: In-progress requests do not inflate closed impact.

The screenshot displays the 'Sustainability' section of the Urb TecTrack application. The interface includes a sidebar with navigation options like Overview, Home, My Requests, Impact, Recycling Heroes, and Sustainability. The main content area shows the 'Sustainability' title, a search bar, and a summary of metrics for FY 2026-27. The metrics are presented in a grid format, including Weight Recycled (3,562 kg), CO2e Avoided (5129 kg), Landfill Diverted (3277 kg), Water Saved (2172.8 kL), and Energy Saved (8192.6 kWh). Below the metrics, there is a 'What is counted' section explaining the data source (closed invoices) and a 'Methodology' section detailing the 'Recycling Heroes' promise and the calculation of CO2e avoided, landfill diversion, and water/energy savings. A link to 'Open full methodology PDF' is provided at the bottom of the methodology section. The footer contains the company name, registration details, and various links like WhatsApp, Terms of Use, Privacy & Data, Compliance Notice, and Support.

WEIGHT RECYCLED	CO ₂ e AVOIDED	LANDFILL DIVERTED	WATER SAVED	ENERGY SAVED
3,562 kg billed and closed	5129 kg · EPA WARM v16 × 1.44 kg/kg	3277 kg · authorised recovery 92%	2172.8 kL	8192.6 kWh

What is counted

Metrics are derived from **closed invoices** in the selected financial year — billing weight, material recovery assumptions, and Urbano's published coefficients (ported from the v6.3.1 prototype).

Based on 17 closed invoices across 17 requests · 3.56 tonnes.

Methodology

- **Recycling Heroes promise:** every 1 tonne of closed e-waste earns 1 sapling, nurtured for 3 years toward self-reliance
- CO₂e avoided: 1.44 kg per kg e-waste — EPA WARM v16, mixed electronics
- Landfill diversion: 0.92 — authorised recycler downstream recovery average
- Water / energy: 0.61 kL and 2.3 kWh per kg
- One organisation's tonne keeps toxins out of soil and water; the sapling it unlocks cools air, holds soil, and benefits the wider neighbourhood over years — small closed loops that scale into public good

Step 12 - Reports and exports

What to do

1. Open Reports.
2. Choose Request Summary, Invoice Register, Certificate Log, Form 6 Log, Sustainability, or Heroes.
3. Set period filters and export CSV/PDF when available.
4. Confirm there is no MRN Register - that is factory-only.

Tip: Exports must contain only your organisation's rows.

The screenshot shows the 'Reports' section of the Urb TecTrack application. The left sidebar contains navigation links: Overview, Home, My Requests, Impact (Recycling Heroes, Sustainability), and Records (Reports). The main content area is titled 'Reports' and includes a search bar and a 'Generate for any period, any site, export to CSV or PDF' option. The 'Reporting Period' is set to 'Financial Year (Apr-Mar)' for 'FY 2026-27'. The 'Report & Scope' section shows 'Request Summary' and 'All sites (consolidated)'. Below this, there are buttons for 'Export CSV' and 'Export PDF'. The main table displays 35 rows of request data for FY 2026-27, TechCorp Pvt Ltd - All sites. The table columns are: REQUEST, CLIENT, SITE, PO REF, RAISED, STAGE, VEHICLES, INVOICES, DECLARED KG, NET KG, and CLOSED. The data includes various request stages like '1- Request', '4- Load & Weigh', '9- Closed', and '3- Assign Vehicle', with corresponding vehicle counts, declared weights, and net weights.

Terms of Use

Version 1.3 · effective 2026-08-30

Version 1.3 · effective 30 August 2026 · applies to all users of Urb TecTrack™

IMPORTANT — PLEASE READ

These Terms of Use ("Terms") govern access to and use of the Urb TecTrack™ software platform operated by Urbeno Private Limited ("Urbeno", "we", "us"). By signing in, clicking accept, or continuing to use the platform, you confirm that you are authorised by your organisation to do so and that you accept these Terms on behalf of yourself and, where applicable, your employer.

1. Nature of the platform (no service contract)

Urb TecTrack™ is a digital record-keeping, workflow and communication tool used to capture and track information about the collection, transport, receipt, processing and certification of end-of-life electrical and electronic equipment. THE PLATFORM IS NOT ITSELF A CONTRACT FOR RECYCLING, LOGISTICS, DESTRUCTION OR ANY OTHER PHYSICAL SERVICE. Commercial terms for those services (pricing, SLAs, indemnities, insurance, liability caps for the physical work) are set only in a separate written agreement between your organisation and Urbeno. If anything displayed in the platform conflicts with that agreement, the written agreement prevails.

2. No warranty; "as available"

The platform is provided on an "AS IS" and "AS AVAILABLE" basis. To the fullest extent permitted by applicable Indian law, Urbeno disclaims all warranties, whether express, implied or statutory, including merchantability, fitness for a particular purpose, non-infringement, uninterrupted availability, and error-free operation. We do not warrant that data displayed will be complete or current at every moment, that notifications will always arrive, or that third-party systems (email, SMS gateways, browsers, networks) will function without interruption.

3. Who may use it

Access is granted only to named individuals authorised by Urbeno at the request of an authorised representative of your organisation. Accounts are personal and non-transferable. You must not share credentials. You are responsible for activity under your login. Notify info@urbeno.in promptly if you suspect compromise or if a colleague should lose access (for example on resignation). Urbeno may suspend or revoke access at any time for security, non-payment, misuse, or at your organisation's request.

4. Your organisation's responsibility for users and data entered

Your organisation is responsible for (a) designating who may access the platform; (b) the accuracy of information those users enter (weights, descriptions, references, contacts, GST details, declarations), and (c) ensuring use complies with applicable law and your internal policies. Approximate figures at request stage are expected; invoicing and compliance documents use the weighed net (or recorded manual method). Discrepancies and explanations are recorded against the invoice where applicable.

5. Documents issued or stored through the platform

- Form 6 manifests are issued under Rule 12 of the E-Waste (Management) Rules, 2022, typically one per invoice.
- Certificates of Destruction are prepared outside the platform, signed, and uploaded here. Several may be issued against a single request where material belongs to different departments.
- Material receipt notes are internal gate documents retained by Urbeno and may not be visible to client users.

Downloaded files are copies of records held by Urbeno. If a downloaded copy differs from our retained original, the original governs. Platform-generated PDFs and reports are tools to assist compliance reporting; they do not replace statutory filings your organisation must make to regulators in its own capacity.

6. Service levels displayed in the platform

Targets shown in the platform (for example Certificate of Destruction within thirty (30) days of receipt at a processing facility) are operational service commitments measured for transparency. Unless expressly stated in your written service agreement, they are NOT contractual warranties and do not create liquidated damages. Targets do not apply where delay arises from incomplete documentation, regulatory hold, force majeure, or matters outside Urbeno's reasonable control.

7. Payment and closure

8. Acceptable use

You must not: access another organisation's records; upload malware or unlawful content; scrape, resell or republish platform data without written consent; attempt to bypass security or rate limits; or use the platform for any purpose other than managing consignments with Urbeno.

9. Intellectual property

The platform, design, software and the Urbeno / Recycling Heroes™ marks belong to Urbeno Private Limited or its licensors. Your consignment data and documents issued to you remain associated with your organisation; you may export them from Reports subject to access controls.

10. Limitation of liability (platform)

Nothing in these Terms excludes liability that cannot lawfully be limited under Indian law (including fraud or wilful misconduct). SUBJECT TO THAT, URBENO IS NOT LIABLE FOR ANY INDIRECT, INCIDENTAL, SPECIAL, PUNITIVE, EXEMPLARY OR CONSEQUENTIAL LOSS (INCLUDING LOST PROFITS, BUSINESS INTERRUPTION, LOSS OF DATA, OR REGULATORY PENALTIES INCURRED BY YOUR ORGANISATION) ARISING FROM USE OF OR INABILITY TO USE THE PLATFORM. URBENO'S AGGREGATE LIABILITY ARISING FROM THE PLATFORM ITSELF (AS DISTINCT FROM THE PHYSICAL RECYCLING SERVICES) IS LIMITED TO CORRECTING THE AFFECTED PLATFORM RECORDS OR, AT THAT IS NOT REASONABLY POSSIBLE, TO INR 10,000 (TEN THOUSAND RUPEES) IN THE AGGREGATE. Liability for physical recycling, transport and related services is governed solely by your separate service agreement with Urbeno.

11. Indemnity

To the extent permitted by law, your organisation shall indemnify and hold harmless Urbeno and its directors, employees and agents from claims, losses and expenses (including reasonable legal fees) arising out of (a) inaccurate or unlawful data entered by your users, (b) unauthorised use of accounts issued to your organisation, or (c) your organisation's breach of these Terms or applicable law — except to the extent caused by Urbeno's wilful misconduct.

12. Privacy and personal data

Processing of personal data is described in the Privacy & Data Notice. Acceptance of that Notice is required to use the platform.

13. Changes

We may update these Terms as the platform or law develops. Material changes are notified by email and/or on next sign-in and may require explicit re-acceptance. Continued use after notice constitutes acceptance where permitted by law.

14. Governing law and jurisdiction

These Terms are governed by the laws of India. Subject to mandatory remedies under the Digital Personal Data Protection Act, 2023, the courts at Bengaluru, Karnataka have exclusive jurisdiction.
