

# Urb TecTrack

## Client Portal Overview

Visual walkthrough for client (requestor) users  
Screens captured from the live UAT environment

---

Portal: <https://uat.urbeno.in>

Audience: Client organisations (EHS, facilities, finance, IT, site leads)

Support: [info@urbeno.in](mailto:info@urbeno.in)

Screens captured from the live UAT environment

This guide does not contain account credentials. Use the sign-in details issued separately by Urbeno. Use it to decide who in your organisation needs access, then follow the screens to understand the portal.

## What Urb TecTrack is

Urb TecTrack is Urbeno's e-waste collection and recycling portal. Your team raises pickup requests, tracks each job from acknowledgement through weighment, invoicing and Certificate of Destruction (CoD), and downloads reports for audit and ESG. Each organisation only sees its own data. Urbeno staff handle vehicles, MRN, recycling and CoD upload.

## Who typically needs access

- EHS / Environment / Sustainability - CoD, compliance trail, ESG numbers
- Facilities / Admin / Store - raise pickups and keep site history
- Finance / Accounts - invoices, outstanding and payment status
- IT / Asset / Store - serials and asset movement on each request
- Site / plant in-charge - visibility for their location
- Management (optional) - dashboard and impact; often view-only

## How to use this guide

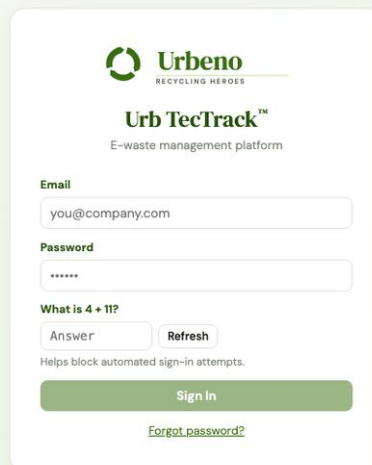

- Each page shows a live screen from the client portal and a short explanation.
- Sign-in credentials are issued separately by Urbeno and are omitted here.
- Use the left menu on desktop; on a phone the same menu slides in from the left.
- Reply to Urbeno with the named users who should receive access (name, email, site, function).

## Screens in this document

- Step 1 Open the portal and sign in
- Step 2 Home dashboard
- Step 3 Raise a new collection request
- Step 4 My Requests list
- Step 5 Track a request through the lifecycle
- Step 6 Recycling Heroes
- Step 7 Sustainability impact
- Step 8 Reports and exports
- Step 9 Terms of Use
- Step 10 Privacy Policy
- Step 11 Your profile and password
- Step 12 Sign out

## Step 1: Open the portal and sign in

Open the UAT portal URL provided by Urbeno. Enter the email and password issued to your organisation, then choose Sign In. On first use you may be asked to review and accept the Terms of Use and Privacy Policy before continuing.

The image shows a sign-in form for Urb TecTrack, an e-waste management platform. The form is centered on a light green background. At the top, there is the Urbeno logo (a green circular arrow) and the text 'Urbeno RECYCLING HEROES'. Below this is the 'Urb TecTrack™' logo and the text 'E-waste management platform'. The form contains three input fields: 'Email' with the placeholder 'you@company.com', 'Password' with masked characters '\*\*\*\*\*', and a CAPTCHA question 'What is 4 + 11?' with an 'Answer' field and a 'Refresh' button. Below the CAPTCHA is a note: 'Helps block automated sign-in attempts.' At the bottom of the form is a large green 'Sign In' button and a link for 'Forgot password?'.

[Forgot password?](#)

## Step 2: Home dashboard

After sign-in you land on Home. Review open and completed request counts, sustainability figures, and recent activity. Use the left menu (Home, My Requests, Recycling Heroes, Sustainability, Reports) to move around the client portal. On a phone the menu slides in from the left.

## Step 3: Raise a new collection request

Choose + New Request. Select your site, enter the pickup location, approximate quantity and weight, optional PO/reference and notes, and add line items or attach a Bill of Materials. Submit Request creates a new REQ- number at Stage 1 (awaiting Urbeno acknowledgement). Exact weights are captured later at weighment.

The screenshot shows the 'New Collection Request' form in the Urb TecTrack client portal. The form is titled 'New Collection Request' and includes a close button (X). Below the title, a note states: 'Give us an approximate quantity and weight — exact figures are captured at weighment. Attach a bill of materials if you have a detailed line list.'

The form fields are as follows:

- Site \***: A dropdown menu with 'Embassy Tech Village' selected.
- Pickup Location \***: A text input field with 'Building / floor / warehouse' entered.
- Your PO / Reference**: A text input field with 'PO-1234' entered.
- Pick Up Request Date \***: A date picker showing '04/09/2026'.
- Approx. Quantity (units) \***: A text input field with 'e.g. 45' entered.
- Approx. Weight (kg) \***: A text input field with 'e.g. 150' entered.
- Notes**: A text area with the placeholder 'anything our team should know' and the text 'Access constraints, preferred pickup window, contact on site...' entered.
- Bill of Materials**: A section with the text 'optional — CSV, Excel or PDF up to 10 MB'.
- Attach BoM**: A section with the text 'CSV, Excel or PDF up to 10 MB each — you can attach more than one file' and a 'Choose Files' button. Below the button, it says 'No file chosen'.
- Line Items**: A section with the text 'optional if BoM attached'. It contains a table with columns for 'Item description', 'Qty', and 'kg'. The first row has 'Item description' in the first column, 'Qty' in the second, 'kg' in the third, and '854890' in the fourth. There is a red 'x' button next to the '854890' value. Below the table is a '+ Add line' button.

At the bottom of the form, there are two buttons: 'Cancel' and 'Submit Request'.

The footer of the page includes the following information:

- Urb TecTrack™ · Urbeno Private Limited · Recycling Heroes™
- CPCB registered · KSPCB authorised · ISO 9001:2015 · ISO 14001:2015 · ISO 45001:2018 · ISO/IEC 27001:2022

## Step 5: Track a request through the lifecycle

Request detail shows stage progress, vehicle and invoice information when available, and certificate status. Client users do not create MRNs or Form 6 - those are factory and Urbeno actions. When the certificate is ready and payment is recorded, use Review & Close to complete Stage 9.

The screenshot displays the Urb TecTrack Client Portal interface. On the left is a dark green sidebar with navigation links: Overview (Home, My Requests), Impact (Recycling Heroes, Sustainability), and Records (Reports). The main content area is titled 'My Requests' and includes a search bar. The selected request is 'REQ-00095' under the '2. Vehicles & Weighment' stage, raised on 28 Aug 2026 by TechCorp Pvt Ltd. A progress bar at the top shows five stages: 1. Request Details (1 of 5), 2. Vehicles & Weighment (2 of 5, current), 3. Invoicing & Material Receiving (3 of 5), 4. Recycling & Compliance (4 of 5), and 5. Closed (5 of 5). The 'Request Details' stage is expanded, showing a 'Pickup' event (10 kg, 1 unit, 28 Aug 2026) and a 'Vehicles & Weighment' section with 'Assigned vehicles (0)'. The 'Request lifecycle' section on the right shows a timeline: 'Request raised' by Ramesh Kumar on 28 Aug 2026 at 06:21 pm, and 'Acknowledged by Urbeno' by Bharat M on 28 Aug 2026 at 06:22 pm. The footer contains contact information, certifications (ISO 9001:2015, ISO 14001:2015, ISO 45001:2018, ISO/IEC 27001:2022), and links to WhatsApp, Terms of Use, Privacy & Data, Compliance Notice, and Support.

## Step 6: Recycling Heroes

[How these numbers are built](#) [Impact PDF](#) [Recycling Heroes →](#)

**WEIGHT RECYCLED**  
**1,122**  
kg billed and closed

**CO<sub>2</sub>E AVOIDED**  
**1616**  
kg · EPA WARM v16 × 1.44 kg/kg

**LANDFILL DIVERTED**  
**1032**  
kg · authorised recovery 92%

**WATER SAVED**  
**684.4**  
kL

**ENERGY SAVED**  
**2580.6**  
kWh

**What is counted**

Metrics are derived from **closed invoices** in the selected financial year — billing weight, material recovery assumptions, and Urbeno's published coefficients (ported from the v6.3.1 prototype).

Based on 7 closed invoices across 7 requests · 112 tonnes.

**Methodology**

- **Recycling Heroes promise:** every 1 tonne of closed e-waste earns 1 sapling, nurtured for 3 years toward self-reliance
- CO<sub>2</sub>e avoided: 1.44 kg per kg e-waste — EPA WARM v16, mixed electronics
- Landfill diversion: 0.92 — authorised recycler downstream recovery average
- Water / energy: 0.61 kL and 2.3 kWh per kg
- One organisation's tonne keeps toxins out of soil and water; the sapling it unlocks cools air, holds soil, and benefits the wider neighbourhood over years — small closed loops that scale into public good

### Terms of Use

Version 1.3 · effective 2026-08-30

Version 1.3 · effective 30 August 2026 · applies to all users of Urb TecTrack™

**IMPORTANT – PLEASE READ**

These Terms of Use (“Terms”) govern access to and use of the Urb TecTrack™ software platform operated by Urbeno Private Limited (“Urbeno”, “we”, “us”). By signing in, clicking accept, or continuing to use the platform, you confirm that you are authorised by your organisation to do so and that you accept these Terms on behalf of yourself and, where applicable, your employer.

- 1. Nature of the platform (no service contract)**  
 Urb TecTrack™ is a digital record-keeping, workflow and communication tool used to capture and track information about the collection, transport, receipt, processing and certification of end-of-life electrical and electronic equipment. THE PLATFORM IS NOT ITSELF A CONTRACT FOR RECYCLING, LOGISTICS, DESTRUCTION OR ANY OTHER PHYSICAL SERVICE. Commercial terms for those services (pricing, SLAs, indemnities, insurance, liability caps for the physical work) are set only in a separate written agreement between your organisation and Urbeno. If anything displayed in the platform conflicts with that agreement, the written agreement prevails.
- 2. No warranty; “as available”**  
 The platform is provided on an “AS IS” and “AS AVAILABLE” basis. To the fullest extent permitted by applicable Indian law, Urbeno disclaims all warranties, whether express, implied or statutory, including merchantability, fitness for a particular purpose, non-infringement, uninterrupted availability, and error-free operation. We do not warrant that data displayed will be complete or current at every moment, that notifications will always arrive, or that third-party systems (email, SMS gateways, browsers, networks) will function without interruption.
- 3. Who may use it**  
 Access is granted only to named individuals authorised by Urbeno at the request of an authorised representative of your organisation. Accounts are personal and non-transferable. You must not share credentials. You are responsible for activity under your login. Notify info@urbeno.in promptly if you suspect compromise or if a colleague should lose access (for example on resignation). Urbeno may suspend or revoke access at any time for security, non-payment, misuse, or at your organisation's request.
- 4. Your organisation's responsibility for users and data entered**  
 Your organisation is responsible for (a) designating who may access the platform, (b) the accuracy of information those users enter (weights, descriptions, references, contacts, GST details, declarations), and (c) ensuring use complies with applicable law and your internal policies. Approximate figures at request stage are expected; invoicing and compliance documents use the weighed net (or recorded manual method). Discrepancies and explanations are recorded against the invoice where applicable.
- 5. Documents issued or stored through the platform**
  - Form 6 manifests are issued under Rule 12 of the E-Waste (Management) Rules, 2022, typically one per invoice.
  - Certificates of Destruction are prepared outside the platform, signed, and uploaded here. Several may be issued against a single request where material belongs to different departments.
  - Material receipt notes are internal gate documents retained by Urbeno and may not be visible to client users.
 Downloaded files are copies of records held by Urbeno. If a downloaded copy differs from our retained original, the original governs. Platform-generated PDFs and reports are tools to assist compliance reporting; they do not replace statutory filings your organisation must make to regulators in its own capacity.
- 6. Service levels displayed in the platform**  
 Targets shown in the platform (for example Certificate of Destruction within thirty (30) days of receipt at a processing facility) are operational service commitments measured for transparency. Unless expressly stated in your written service agreement, they are NOT contractual warranties and do not create liquidated damages. Targets do not apply where delay arises from incomplete documentation, regulatory hold, force majeure, or matters outside Urbeno's reasonable control.
- 7. Payment and closure**  
 Invoice due dates follow the payment terms agreed with your organisation. The platform may send payment reminders after terms elapse. A request may be marked complete only when related invoices are paid in full, unless Urbeno agrees otherwise in writing.
- 8. Acceptable use**  
 You must not: access another organisation's records; upload malware or unlawful content; scrape, resell or republish platform data without written consent; attempt to bypass security or rate limits; or use the platform for any purpose other than managing consignments with Urbeno.
- 9. Intellectual property**  
 The platform, design, software and the Urbeno / Recycling Heroes™ marks belong to Urbeno Private Limited or its licensors. Your consignment data and documents issued to you remain associated with your organisation; you may export them from Reports subject to access controls.
- 10. Limitation of liability (platform)**  
 Nothing in these Terms excludes liability that cannot lawfully be limited under Indian law (including fraud or wilful misconduct). SUBJECT TO THAT, URBENO IS NOT LIABLE FOR ANY INDIRECT, INCIDENTAL, SPECIAL, PUNITIVE, EXEMPLARY OR CONSEQUENTIAL LOSS (INCLUDING LOST PROFITS, BUSINESS INTERRUPTION, LOSS OF DATA, OR REGULATORY PENALTIES INCURRED BY YOUR ORGANISATION) ARISING FROM USE OF OR INABILITY TO USE THE PLATFORM. URBENO'S AGGREGATE LIABILITY ARISING FROM THE PLATFORM ITSELF (AS DISTINCT FROM THE PHYSICAL RECYCLING SERVICES) IS LIMITED TO CORRECTING THE AFFECTED PLATFORM RECORDS OR, AT THAT IS NOT REASONABLY POSSIBLE, TO INR 10,000 (TEN THOUSAND RUPEES) IN THE AGGREGATE. Liability for physical recycling, transport and related services is governed solely by your separate service agreement with Urbeno.
- 11. Indemnity**  
 To the extent permitted by law, your organisation shall indemnify and hold harmless Urbeno and its directors, employees and agents from claims, losses and expenses (including reasonable legal fees) arising out of (a) inaccurate or unlawful data entered by your users, (b) unauthorised use of accounts issued to your organisation, or (c) your organisation's breach of these Terms or applicable law — except to the extent caused by Urbeno's wilful misconduct.
- 12. Privacy and personal data**  
 Processing of personal data is described in the Privacy & Data Notice. Acceptance of that Notice is required to use the platform.
- 13. Changes**  
 We may update these Terms as the platform or law develops. Material changes are notified by email and/or on next sign-in and may require explicit re-acceptance. Continued use after notice constitutes acceptance where permitted by law.
- 14. Governing law and jurisdiction**  
 These Terms are governed by the laws of India. Subject to mandatory remedies under the Digital Personal Data Protection Act, 2023, the courts at Bengaluru, Karnataka have exclusive jurisdiction.
- 15. Contact**  
 Questions about these Terms: info@urbeno.in.

### Privacy & Data Notice

Version 1.3 · effective 2026-08-30

Version 1.3 · effective 30 August 2026 · Urbeno Private Limited

#### 1. Who we are

Urbeno Private Limited ("Urbeno", "we") operates Urb TecTrack™. For questions or Data Principal requests under the Digital Personal Data Protection Act, 2023 (DPDPA), write to info@urbeno.in with the subject "DPDPA request".

#### 2. Scope and roles

This Notice explains how we process personal data when you use Urb TecTrack. Your employer or client organisation typically decides who may access the platform (it is often the Data Fiduciary for employee/contact data it asks us to host). Urbeno processes that data to provide the platform and related e-waste services, and is a Data Fiduciary for account security, audit logs, and our own compliance records.

#### 3. What we hold

- Platform users: name, work email, phone (if supplied), organisation and site assignments, role, feature access, password hash (never plaintext), MFA secret (if enrolled), last sign-in, periodic email-verification timestamps, and activity/audit records.
- Consignments: material descriptions, weights, photographs, vehicle/driver details where recorded, site contacts, GSTIN and addresses of sites, and compliance documents.
- Device identifiers: serial numbers or asset tags where captured, plus sanitisation method. We do not access, copy or retain the contents of storage media entrusted to us for destruction.

#### 4. Purposes

We use personal data to: operate Urb TecTrack and the recycling service; issue manifests, certificates and related documents; meet E-Waste (Management) Rules, 2022 and our CPCB / State PCB authorisation conditions; communicate about consignments, invoices, security and product updates; verify that work emails remain active (periodic email OTP); prevent misuse; and enforce our Terms of Use.

#### 5. Legal basis

Processing is based on performance of our contract with your organisation, compliance with legal obligations, legitimate use for security and audit, and your consent where required (including acceptance of this Notice).

#### 6. Where data is stored

Production platform data is hosted in India. We do not transfer platform personal data outside India without your organisation's written agreement or a legal requirement.

#### 7. Retention

- Consignment records, manifests and receipt notes — at least five (5) years (Rule 12(4), E-Waste Rules).
- Certificates of Destruction — ten (10) years.
- Activity and audit records — seven (7) years.
- Sign-in and security logs — one (1) year, unless longer retention is needed for investigation.
- Password-reset and login email OTP codes — until used or expired (typically fifteen minutes).
- Account records — for the life of the account plus a reasonable wind-down period after deactivation.

#### 8. Sharing

We do not sell personal data. We share it only with authorised Urbeno staff, your organisation's named users (within their scope), contracted hosting/email providers under confidentiality, and regulators or courts when legally required.

#### 9. Your rights (DPDPA)

You may request access, correction, and erasure where we are not required to retain data for legal or contractual reasons. You may withdraw consent where processing is consent-based, without affecting prior lawful processing. Contact info@urbeno.in. We aim to respond within thirty (30) days. You may escalate to the Data Protection Board of India as provided under applicable law.

#### 10. Security measures

Individual accounts with passwords stored only as cryptographic hashes; optional authenticator-app MFA for staff roles; session cookies that are HttpOnly; logout after repeated failed sign-ins; rate limiting; TLS in transit on deployed environments; audit trails for material changes. No method is perfectly secure; you must keep credentials confidential.

#### 11. Cookies

We store a session identifier and interface preferences. We do not use advertising or third-party tracking cookies.

#### 12. Children

The platform is intended for adult business users. We do not knowingly collect personal data from children.

#### 13. Disclaimer

This Notice describes our practices in good faith. It is not legal advice to your organisation. Your organisation remains responsible for its own privacy notices to employees and for lawful collection of data it asks us to process.

#### 14. Changes

We may update this Notice when practices or law change. Material updates are notified on sign-in and may require renewed acceptance. The version on this page is the version in force.

#### ISO certifications

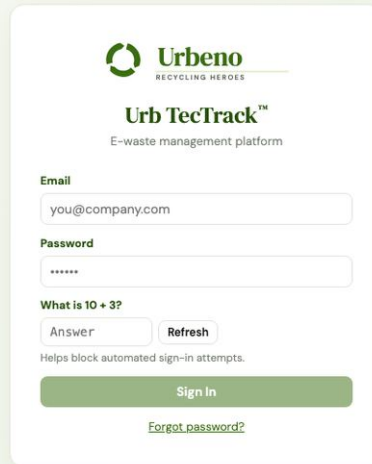

Audited and issued by TÜV Rheinland. Full certificate pack on the Urbano site.

- ISO 9001:2015 — Quality Management System
- ISO 14001:2015 — Environmental Management System
- ISO 45001:2018 — Occupational Health & Safety
- ISO/IEC 27001:2022 — Information Security Management

[View certificates on urbano.in →](#)

## Step 12: Sign out

Choose Logout when you finish. You return to the sign-in screen. Policies are not re-prompted on the next visit unless Urbeno publishes an updated version.

The image shows a sign-in screen for Urb TecTrack, an e-waste management platform. The screen is centered on a light green background. At the top, there is the Urbeno logo (a green circular arrow) and the text "Urbeno RECYCLING HEROES". Below this is the "Urb TecTrack™" logo and the text "E-waste management platform". The sign-in form includes an "Email" field with the placeholder "you@company.com", a "Password" field with masked characters "\*\*\*\*\*", and a "What is 10 + 3?" security question field with an "Answer" input and a "Refresh" button. Below the security question is a small note: "Helps block automated sign-in attempts." At the bottom of the form is a large green "Sign In" button and a link for "[Forgot password?](#)".
