Step 3 - Your role in the nine-stage process

- Client Read Only users can view/download but cannot raise or close.

Tip: If you ever see another company's request or an MRN number, stop and report a Blocker to info@urbeno.in.

Step 17 - Recycling Heroes

What to do

1. Open Recycling Heroes.
2. Review tonnage milestones and planting progress for your organisation.
3. Use this view for CSR / ESG storytelling with closed recycled work.

Tip: You do not manage Urbeno-wide planting controls from the client portal.

Step 18 - Sustainability impact

What to do

1. Open Sustainability.
2. Review recycled weight, CO2e avoided, landfill diverted, and related figures.
3. Open How these numbers are built / methodology if offered.
4. Download Impact PDF for board or EHS packs when available.

Tip: Only closed (certified and acknowledged) consignments count - do not add in-flight pickups to board packs.

The screenshot displays the 'Sustainability' dashboard in the Urb TecTrack system. The interface includes a dark green sidebar with navigation options: Overview, Home, My Requests, IMPACT, Recycling Heroes, Sustainability (selected), and RECORDS, Reports. The main content area is titled 'Sustainability' and shows data for 'FY 2026-27'. It features five key metrics: Weight Recycled (3,612 kg), CO2e Avoided (5201 kg), Landfill Diverted (3323 kg), Water Saved (2203.3 kL), and Energy Saved (8307.6 kWh). Below these metrics, there are sections for 'What is counted' and 'Methodology'. The 'What is counted' section explains that metrics are derived from closed invoices and provides a summary based on 18 closed invoices. The 'Methodology' section lists the 'Recycling Heroes promise' and details the calculation for CO2e avoided, landfill diversion, and water/energy savings. A footer bar contains the company name 'Ramesh TechCorp Pvt Ltd', a list of certifications (CPCB registered, ISO 9001:2015, ISO 14001:2015, ISO 45001:2018, ISO/IEC 27001:2022), and links to WhatsApp, Terms of Use, Privacy & Data, Compliance Notice, and Support.

How these numbers are built Impact PDF Recycling Heroes →

WEIGHT RECYCLED	CO ₂ E AVOIDED	LANDFILL DIVERTED	WATER SAVED	ENERGY SAVED
3,612 kg billed and closed	5201 kg · EPA WARM v16 × 1.44 kg/kg	3323 kg · authorised recovery 92%	2203.3 kL	8307.6 kWh

What is counted

Metrics are derived from **closed invoices** in the selected financial year — billing weight, material recovery assumptions, and Urbano's published coefficients (ported from the v6.3.1 prototype).

Based on 18 closed invoices across 18 requests · 3.61 tonnes.

Methodology

- **Recycling Heroes promise:** every 1 tonne of closed e-waste earns 1 sapling, nurtured for 3 years toward self-reliance
- CO₂e avoided: 1.44 kg per kg e-waste — EPA WARM v16, mixed electronics
- Landfill diversion: 0.92 — authorised recycler downstream recovery average
- Water / energy: 0.61 kL and 2.3 kWh per kg
- One organisation's tonne keeps toxins out of soil and water; the sapling it unlocks cools air, holds soil, and benefits the wider neighbourhood over years — small closed loops that scale into public good

Terms of Use

Version 1.3 - effective 2026-08-30

Version 1.3 - effective 30 August 2026 - applies to all users of Urb TecTrack™

IMPORTANT – PLEASE READ

These Terms of Use ("Terms") govern access to and use of the Urb TecTrack™ software platform operated by Urbeno Private Limited ("Urbeno", "we", "us"). By signing in, clicking accept, or continuing to use the platform, you confirm that you are authorised by your organisation to do so and that you accept these Terms on behalf of yourself and, where applicable, your employer.

- 1. Nature of the platform (no service contract)**

Urb TecTrack™ is a digital record-keeping, workflow and communication tool used to capture and track information about the collection, transport, receipt, processing and certification of end-of-life electrical and electronic equipment. THE PLATFORM IS NOT ITSELF A CONTRACT FOR RECYCLING, LOGISTICS, DESTRUCTION OR ANY OTHER PHYSICAL SERVICE. Commercial terms for those services (pricing, SLAs, indemnities, insurance, liability caps for the physical work) are set only in a separate written agreement between your organisation and Urbeno. If anything displayed in the platform conflicts with that agreement, the written agreement prevails.
- 2. No warranty; "as available"**

The platform is provided on an "AS IS" and "AS AVAILABLE" basis. To the fullest extent permitted by applicable Indian law, Urbeno disclaims all warranties, whether express, implied or statutory, including merchantability, fitness for a particular purpose, non-infringement, uninterrupted availability, and error-free operation. We do not warrant that data displayed will be complete or current at every moment, that notifications will always arrive, or that third-party systems (email, SMS gateways, browsers, networks) will function without interruption.
- 3. Who may use it**

Access is granted only to named individuals authorised by Urbeno on the request of an authorised representative of your organisation. Accounts are personal and non-transferable. You must not share credentials. You are responsible for activity under your login. Notify info@urbeno.in promptly if you suspect compromise or if a colleague should lose access (for example on resignation). Urbeno may suspend or revoke access at any time for security, non-payment, misuse, or at your organisation's request.
- 4. Your organisation's responsibility for users and data entered**

Your organisation is responsible for (a) designating who may access the platform; (b) the accuracy of information those users enter (weights, descriptions, references, contacts, GST details, declarations); and (c) ensuring use complies with applicable law and your internal policies. Approximate figures at request stage are expected; invoicing and compliance documents use the weighed net (or recorded manual method). Discrepancies and explanations are recorded against the invoice where applicable.
- 5. Documents issued or stored through the platform**
 - Form 6 manifests are issued under Rule 12 of the E-Waste (Management) Rules, 2022, typically one per invoice.
 - Certificates of Destruction are prepared outside the platform, signed, and uploaded here. Several may be issued against a single request where material belongs to different departments.
 - Material receipt notes are internal gate documents retained by Urbeno and may not be visible to client users.

Downloaded files are copies of records held by Urbeno. If a downloaded copy differs from our retained original, the original governs. Platform-generated PDFs and reports are tools to assist compliance reporting; they do not replace statutory filings your organisation must make to regulators in its own capacity.
- 6. Service levels displayed in the platform**

Targets shown in the platform (for example Certificate of Destruction within thirty (30) days of receipt at a processing facility) are operational service commitments measured for transparency. Unless expressly stated in your written service agreement, they are NOT contractual warranties and do not create liquidated damages. Targets do not apply where delay arises from incomplete documentation, regulatory hold, force majeure, or matters outside Urbeno's reasonable control.
- 7. Payment and closure**

Invoice due dates follow the payment terms agreed with your organisation. The platform may send payment reminders after terms elapse. A request may be marked complete only when related invoices are paid in full, unless Urbeno agrees otherwise in writing.
- 8. Acceptable use**

You must not: access another organisation's records; upload malware or unlawful content; scrape, resell or republish platform data without written consent; attempt to bypass security or rate limits; or use the platform for any purpose other than managing consignments with Urbeno.
- 9. Intellectual property**

The platform, design, software and the Urbeno / Recycling Heroes™ marks belong to Urbeno Private Limited or its licensors. Your consignment data and documents issued to you remain associated with your organisation; you may export them from Reports subject to access controls.
- 10. Limitation of liability (platform)**

Nothing in these Terms excludes liability that cannot lawfully be limited under Indian law (including fraud or wilful misconduct). SUBJECT TO THAT, URBENO IS NOT LIABLE FOR ANY INDIRECT, INCIDENTAL, SPECIAL, PUNITIVE, EXEMPLARY OR CONSEQUENTIAL LOSS (INCLUDING LOST PROFITS, BUSINESS INTERRUPTION, LOSS OF DATA, OR REGULATORY PENALTIES INCURRED BY YOUR ORGANISATION) ARISING FROM USE OF OR INABILITY TO USE THE PLATFORM. URBENO'S AGGREGATE LIABILITY ARISING FROM THE PLATFORM ITSELF (AS DISTINCT FROM THE PHYSICAL RECYCLING SERVICES) IS LIMITED TO CORRECTING THE AFFECTED PLATFORM RECORDS OR, AT THAT IS NOT REASONABLY POSSIBLE, TO INR 10,000 (TEN THOUSAND RUPEES) IN THE AGGREGATE. Liability for physical recycling, transport and related services is governed solely by your separate service agreement with Urbeno.
- 11. Indemnity**

To the extent permitted by law, your organisation shall indemnify and hold harmless Urbeno and its directors, employees and agents from claims, losses and expenses (including reasonable legal fees) arising out of (a) inaccurate or unlawful data entered by your users, (b) unauthorised use of accounts issued to your organisation, or (c) your organisation's breach of these Terms or applicable law — except to the extent caused by Urbeno's wilful misconduct.
- 12. Privacy and personal data**

Processing of personal data is described in the Privacy & Data Notice. Acceptance of that Notice is required to use the platform.
- 13. Changes**

We may update these Terms as the platform or law develops. Material changes are notified by email and/or on next sign-in and may require explicit re-acceptance. Continued use after notice constitutes acceptance where permitted by law.
- 14. Governing law and jurisdiction**

These Terms are governed by the laws of India. Subject to mandatory remedies under the Digital Personal Data Protection Act, 2023, the courts at Bengaluru, Karnataka have exclusive jurisdiction.
- 15. Contact**

Questions about these Terms: info@urbeno.in.
