

Urb TecTrack

Super Admin (Urbeno Operations) - Training Guide

Urbeno administrators who run the lifecycle, Masters, Audit, and Compliance

Version: 1

Portal: <https://tetrack.urbeno.in>

Sign-in: issued separately by Urb TecTrack (not listed here)

Support: info@urbeno.in

Format: screenshot + detailed how-to for each step

This guide is for classroom or self-paced training. Follow the numbered steps on each page. Tips call out common mistakes.
Credentials are delivered by system email - never copy passwords into this PDF.

How to use this training guide

- Work through steps in order during a live training session or while practising on UAT.
- Each step has: What to do (numbered), Tips, and a full-page screenshot of the screen you should see.
- Pause after each step and confirm the Expected outcome before continuing.
- Ask your Urbeno facilitator to advance staff/factory actions when your role cannot perform them.
- Record questions in your notebook; report defects using the Client/Factory/Admin UAT results workbook.

Training agenda

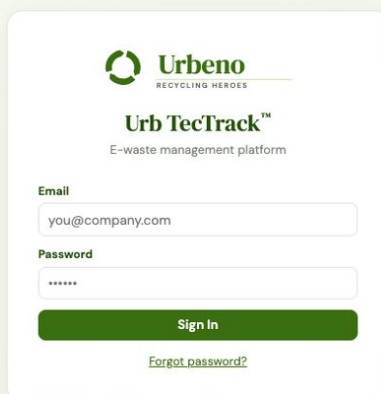

- Step 1 Sign in as Super Admin
- Step 2 Operations dashboard
- Step 3 Requests queue
- Step 4 Lifecycle actions on a request
- Step 5 Masters data administration
- Step 6 Users and password reset
- Step 7 Capacity oversight
- Step 8 Operational reports
- Step 9 Audit trail
- Step 10 Compliance registers
- Step 11 Recycling Heroes administration
- Step 12 Admin profile, MFA, and letterhead
- Step 13 Sign out

Step 1 - Sign in as Super Admin

What to do

1. Open the portal URL.
2. Enter your Urbeno admin email from the account notification.
3. Enter your password and click Sign In.
4. Complete two-factor authentication if enrolled.
5. Accept Terms and Privacy on first login if prompted.

Tip: Admin accounts can change masters data and reset user passwords. Protect the authenticator and never share the session.

The image shows a login form for Urb TecTrack, an e-waste management platform. The form is centered on a light green background. At the top, there is the Urbeno logo (a green circular icon with a white 'U') followed by the text 'Urbeno' and 'RECYCLING HEROES' in smaller text. Below this is the 'Urb TecTrack™' logo and the text 'E-waste management platform'. The form contains two input fields: 'Email' with the placeholder 'you@company.com' and 'Password' with a masked password '*****'. A green 'Sign In' button is located below the password field. At the bottom of the form, there is a link that says 'Forgot password?'.

Step 2 - Operations dashboard

What to do

1. Confirm you see the Operations Dashboard.
2. Review tiles such as New Requests, open work, and operational KPIs.
3. Use full navigation: Dashboard, Requests, Recycling Heroes, Sustainability, Capacity, Masters, Reports, Audit, Compliance.
4. Click New Requests (or equivalent) to start acknowledging Stage 1 work.

Tip: Admins see all organisations. Treat client data as confidential even inside Urbano.

The screenshot displays the 'Super Admin Dashboard' for Urb TecTrack. The interface includes a sidebar with navigation options like Overview, Dashboard, Requests, Impact, and Records. The main dashboard area features several KPI tiles: Acknowledge (5 waiting), Open Requests (21 active), Recycling Heroes (Tree ledger & planting), Reports (Summary, invoices & more), Capacity (0.4% of 3,060 TPA), and Masters (Clients, users & lookups). Below these are four summary cards: 5 NEW REQUESTS, 21 OPEN - 57 TOTAL, 14,736 NET KG - FY 2026-27, and 2 PAYMENTS PENDING. The 'Request pipeline' section shows a donut chart for 57 requests, categorized into Awaiting ack (5), In progress (16), and Closed / other (36). The 'Work queues' section lists tasks like Awaiting MRN, Awaiting Recycling, Awaiting CoD, and Awaiting Client Close with their respective counts. The 'Facility capacity' section shows a circular gauge for 0.4% capacity out of 3,060 TPA. At the bottom, a table titled 'Awaiting Acknowledgement' lists 5 requests with details like request ID, client, approximate weight, and date raised, each with an 'Acknowledge' button.

Step 3 - Requests queue

What to do

1. Open Requests.
2. Filter or search for Stage 1 items awaiting acknowledgement.
3. Open a request to Acknowledge, Request changes, Assign Vehicle, record Weighment, or Raise Invoice depending on stage.
4. Keep unique suffixes on registration / invoice / e-way / certificate numbers during training re-runs.

Tip: Walk one request through stages 2-5 carefully before handing to factory for MRN / Form 6.

Step 4 - Lifecycle actions on a request

What to do

1. Open request detail and read the current stage.
2. Stage 1: Acknowledge Request or Request changes (with a clear note to the client).
3. Stage 3: Assign Vehicle (registration, driver, phone).
4. Stage 4: Record weighment with slip photo + pickup photo; verify net = gross - tare.
5. Stage 5: Raise Invoice - tax/total calculated, e-way bill required.
6. Stage 8: Upload Certificate of Destruction after Form 6 is approved.
7. Record Payment when funds arrive so the client can close.

Tip: Weighment without both photos must be refused. Do not type tax totals manually when the system calculates them.

Step 5 - Masters data administration

What to do

1. Open Masters.
2. Use tabs for Users, Clients, Sites, Factories, Categories, Lookups, Email as available.
3. To help a user who cannot receive email OTPs: Users -> Edit user -> Reset / regenerate password -> copy the temporary password and share it securely out-of-band.
4. Create users carefully - welcome emails include temporary passwords.

Tip: Never disable your own admin account. Prefer a throwaway user for password-lockout drills.

Step 6 - Users and password reset

What to do

1. Open the Users tab.
2. Find the affected user and click Edit.
3. Confirm role, organisation/factory scope, and Active status.
4. Click Reset / regenerate password when email OTP is unavailable.
5. Copy the temporary password shown and communicate it via a secure channel.
6. Ask the user to sign in and change the password immediately.

Tip: Password reset signs the user out of all sessions and clears lockouts. Audit logs record the action.

The screenshot displays the Urb TecTrack Super Admin interface. The left sidebar shows the navigation menu with sections: OVERVIEW (Dashboard, Requests), IMPACT (Recycling Heroes, Sustainability, Capacity), and RECORDS (Reports, Masters, Audit, Compliance). The 'Masters' section is selected. The main content area is titled 'Master Data' and includes a search bar and tabs for various master data categories. The 'Users' tab is active, showing a list of 8 users. Each user entry includes their name, email, role, scope, status, and an edit icon. The footer contains the company name, registration details, and links for WhatsApp, Terms of Use, Privacy & Data, Compliance Notice, and Support.

Step 7 - Capacity oversight

What to do

1. Open Capacity.
2. Review utilisation across factories and categories.
3. Support factory teams when an override is justified and documented.
4. Use capacity views before approving unusual Form 6 volumes.

Tip: Overrides are audited. Prefer prevention (routing to another plant) over chronic overrides.

Step 8 - Operational reports

What to do

1. Open Reports.
2. Run Request Summary, Invoice Register, Sustainability, Heroes, and other admin reports.
3. Export for client packs or internal reviews.
4. Cross-check figures against a known closed REQ- during training.

Tip: When preparing client-facing exports, ensure tenancy filters are correct.

The screenshot displays the 'Reports' section of the Urb TecTrack Super Admin interface. The 'Reporting Period' is set to 'Financial Year (Apr-Mar)' for 'FY 2026-27'. The 'Report & Scope' is set to 'Request Summary' for 'All clients'. The table below lists various requests, including their IDs, clients, sites, PO references, and associated metrics like vehicles, invoices, and declared/net heights.

Step 9 - Audit trail

What to do

1. Open Audit.
2. Filter by request id, actor, action, or date range.
3. Confirm lifecycle events appear (ack, vehicle, weigh, invoice, MRN, recycle, certificate, payment, close).
4. Use Audit during UAT sign-off to prove the chain of custody.

Tip: If an expected event is missing, investigate before production sign-off.

The screenshot displays the 'Audit Trail' section of the Urb TecTrack application. The interface includes a sidebar with navigation options like 'Dashboard', 'Requests', 'Inventory', 'Reports', and 'Settings'. The main content area shows a table of audit events. The table has columns for 'Date', 'Actor', 'Action', and 'Status'. The data is filtered by 'Request ID' (10000000000000000000) and 'Actor' (System). The table lists various actions such as 'Acknowledge', 'Vehicle', 'Weigh', 'Invoice', 'MRN', 'Recycle', 'Certificate', 'Payment', and 'Close' performed by the system at specific dates and times. The table is paginated, showing 100 items per page, with the current page being 1 of 1.

Date	Actor	Action	Status
2023-08-01 10:00:00	System	Acknowledge	Success
2023-08-01 10:00:00	System	Vehicle	Success
2023-08-01 10:00:00	System	Weigh	Success
2023-08-01 10:00:00	System	Invoice	Success
2023-08-01 10:00:00	System	MRN	Success
2023-08-01 10:00:00	System	Recycle	Success
2023-08-01 10:00:00	System	Certificate	Success
2023-08-01 10:00:00	System	Payment	Success
2023-08-01 10:00:00	System	Close	Success

Step 10 - Compliance registers

What to do

1. Open Compliance.
2. Review privacy, DSR, incidents, access reviews, and control status as available.
3. Confirm factory and client users cannot open this area.
4. Keep evidence packs ready for audits.

Tip: Compliance is admin-only. A factory or client reaching this page is a Blocker.

Step 11 - Recycling Heroes administration

What to do

1. Open Recycling Heroes.
2. Review plantings and tonnage.
3. Record planting when authorised (photos, location, counts).
4. Ensure client views remain appropriately scoped.

Tip: Planting records support sustainability storytelling - keep photo evidence.

Step 13 - Sign out

What to do

1. Click Logout.
2. Confirm Sign In appears.
3. Lock your workstation if stepping away mid-session instead of leaving the portal open.

Tip: Admin sessions can change production masters - treat them like production console access.

The image shows a login form for Urb TecTrack, an e-waste management platform. The form is centered on a light green background. At the top, there is a logo for Urbeno (Recycling Heroes) and the text 'Urb TecTrack™ E-waste management platform'. Below this, there are two input fields: 'Email' with the placeholder 'you@company.com' and 'Password' with a masked password '*****'. A green 'Sign In' button is positioned below the password field. At the bottom of the form, there is a link for 'Forgot password?'.
