

Urb TecTrack

Factory Manager - Training Guide

Facility staff who record goods receipt (MRN) and recycling (Form 6)

Version: 1

Portal: <https://tetrack.urbeno.in>

Sign-in: issued separately by Urb TecTrack (not listed here)

Support: info@urbeno.in

Format: screenshot + detailed how-to for each step

This guide is for classroom or self-paced training. Follow the numbered steps on each page. Tips call out common mistakes.
Credentials are delivered by system email - never copy passwords into this PDF.

How to use this training guide

- Work through steps in order during a live training session or while practising on UAT.
- Each step has: What to do (numbered), Tips, and a full-page screenshot of the screen you should see.
- Pause after each step and confirm the Expected outcome before continuing.
- Ask your Urbeno facilitator to advance staff/factory actions when your role cannot perform them.
- Record questions in your notebook; report defects using the Client/Factory/Admin UAT results workbook.

Training agenda

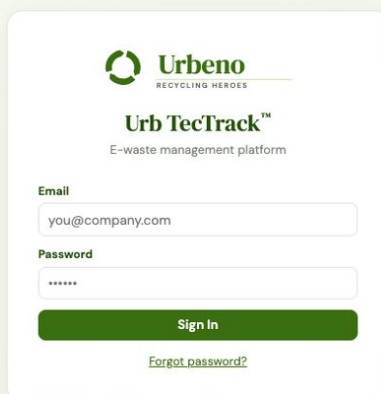

- | | |
|--------|--------------------------------------|
| Step 1 | Sign in as Factory Manager |
| Step 2 | Factory dashboard |
| Step 3 | Requests ready for factory work |
| Step 4 | Open request detail for MRN / Form 6 |
| Step 5 | Process Form 6 / recycling |
| Step 6 | Monitor factory capacity |
| Step 7 | Factory reports |
| Step 8 | Profile, facilities, and two-factor |
| Step 9 | Sign out |

Step 1 - Sign in as Factory Manager

What to do

1. Open <https://tectrack.urbeno.in>.
2. Enter the factory account email issued by Urbeno (for example the Bengaluru or Kolar facility login).
3. Enter your password and click Sign In.
4. Complete MFA if enrolled (staff MFA applies to Factory).
5. Accept Terms and Privacy on first login if prompted.

Tip: Factory accounts are privileged. Set up two-factor authentication on Profile when Urbeno asks you to. Do not use a client login for factory work.

The image shows a login form for Urb TecTrack. At the top, there is the Urbeno logo (a green circular icon with a white 'U') followed by the text 'Urbeno' and 'RECYCLING HEROES' in smaller text. Below this is the 'Urb TecTrack™' logo and the text 'E-waste management platform'. The form has two input fields: 'Email' with the placeholder 'you@company.com' and 'Password' with a masked password '*****'. Below the password field is a green 'Sign In' button. At the bottom of the form is a link that says 'Forgot password?'.

[Forgot password?](#)

Step 2 - Factory dashboard

What to do

1. Confirm the heading shows a Factory / facility dashboard (e.g. URB-BLR).
2. Review tiles for open work, capacity used, and payments if shown.
3. Use navigation: Dashboard, Requests, Capacity, Reports.
4. Confirm Masters, Audit, Compliance, Recycling Heroes, and Sustainability are NOT in the menu.
5. Your lifecycle focus: after Super Admin raises the invoice -> you Create MRN -> Process Form 6 -> monitor Capacity -> run factory reports. Clients never see MRN numbers.

Tip: If you can open Compliance or Masters, stop and report a Blocker - those are admin-only.

Step 3 - Requests ready for factory work

What to do

1. Open Requests.
2. Find invoiced requests that need MRN (Stage 5) or Form 6 (Stage 6).
3. Confirm there is no + New Request for factory users - clients and Super Admins raise requests.
4. Confirm you do not Acknowledge, Assign Vehicle, Weigh, Raise Invoice, or Upload Certificate - those belong to Operations / Super Admin.
5. Open an invoiced request to continue to goods receipt.
6. Upstream (others): Client raised -> Ops/Admin acknowledged -> vehicle -> weightment -> invoice. Downstream: Admin approves Form 6 / uploads CoD; Client closes after payment.

Tip: Seeded training data may include sample REQ numbers (e.g. invoiced demos). Prefer a live invoiced request for practice when available.

Step 4 - Open request detail for MRN / Form 6

What to do

1. On request detail, locate the invoice panel.
2. When Stage is 5 (invoiced) and no MRN exists, look for Create MRN.
3. After MRN exists, look for Process & Issue / Submit Form 6.
4. Confirm you do NOT see Acknowledge, Raise Invoice, Record Payment, or Upload Certificate (admin / ops actions).
5. Confirm clients will not see MRN numbers even though you create them here.
6. After you submit Form 6, Super Admin may Approve & release before the client is notified.

Tip: One MRN per invoice. Form 6 category split must equal billing weight exactly.

Step 5b - Process Form 6 / recycling

What to do

1. Click Process & Submit Form 6 for Review (Factory) or Process & Issue Form 6 (when admin covers).
2. Enter category lines so the total equals billing weight exactly.
3. Set Processing Date (not a future date). Super Admin may historical-backdate from 2026-04-01.
4. Watch Capacity - near 80% warns; 100% authorised TPA blocks without an approved override.
5. Submit. Super Admin approves when review is required; then Admin uploads Certificate of Destruction.
6. Clients download approved Form 6 - they still never see MRN.

Tip: Silent billing-weight deviations are not allowed. Escalate capacity overrides to Super Admin with a documented reason.

Step 6 - Monitor factory capacity

What to do

1. Open Capacity.
2. Review category utilisation for your facility.
3. Watch for warnings near 80% and blocks at 100% authorised TPA.
4. If Form 6 would exceed capacity, you need an approved override reason - do not bypass silently.
5. Use Capacity before issuing unusual Form 6 volumes; coordinate with Super Admin for routing to another plant when needed.

Tip: Capacity protects regulatory limits. Escalate to Urbeno admin before forcing an override.

Capacity Utilization

Step 7 - Factory reports

What to do

1. Open Reports.
2. Run MRN Register, Form 6 Log, Device Serials, Certificate Log, or Capacity Utilisation as available to your role.
3. Export CSV/PDF when needed for audits.
4. Confirm period filters refresh figures correctly.
5. Never forward MRN Register exports to clients - MRN is factory / staff chain-of-custody data.

Tip: Factory reports may include MRN data that clients must never receive. Handle exports carefully.

Reports
Generate for any period, any site, export to CSV or PDF

Reporting Period: **Basic** Financial Year: **FY 2026-27**

Report & Scope: **Complete Request Summary** Client: **All clients** Site: **...**

Step 8 - Profile, facilities, and two-factor

What to do

1. Open Profile.
2. Confirm Role is Factory Manager and Facilities lists your plant (e.g. URB-BLR).
3. Set up Two-factor authentication when required for privileged roles.
4. Change password using the policy (10+ chars, upper, lower, digit) if Urbeno asks.

Tip: Factory MFA is recommended/required by policy for privileged roles. Keep your authenticator device safe.

The screenshot shows the 'Your profile' page in the Urb TecTrack application. The user is 'Your Name', a Factory Manager, with email 'your.name@company.com' and facility 'URB-BLR'. The page includes sections for 'Two-factor authentication' (with a 'Set up two-factor' button), 'Change password' (with fields for current, new, and confirm passwords), 'Contact' (with address, GST, phone, and email), and 'ISO certifications' (listing ISO 9001:2015, ISO 14001:2015, ISO 45001:2018, and ISO/IEC 27001:2022). The footer contains contact information and legal notices.

Step 9 - Sign out

What to do

1. Click Logout when finished.
2. Confirm the Sign In screen appears.
3. Never leave a signed-in factory session on a shared kiosk.

Tip: Factory sessions can create legal documents (MRN / Form 6). Always sign out.

The image shows a sign-in screen for Urb TecTrack. At the top, there is the Urbeno logo (a green circular arrow) and the text 'Urbeno RECYCLING HEROES'. Below this is the 'Urb TecTrack™' logo and the text 'E-waste management platform'. The sign-in form has two input fields: 'Email' with the placeholder 'you@company.com' and 'Password' with a masked password '*****'. A green 'Sign In' button is located below the password field. At the bottom of the form, there is a link that says 'Forgot password?'.
