

Urb TecTrack

Super Admin - Training Guide

Urbeno Super Admins learning the complete e-waste lifecycle from acknowledgement through closure, plus Masters and reports

Version: 1

Portal: <https://tetrack.urbeno.in>

Sign-in: issued separately by Urb TecTrack (not listed here)

Support: info@urbeno.in

Format: screenshot + detailed how-to for each step

This guide is for classroom or self-paced training. Follow the numbered steps on each page. Tips call out common mistakes. Credentials are delivered by system email - never copy passwords into this PDF.

How to use this training guide

- Work through steps in order during a live training session or while practising on UAT.
- Each step has: What to do (numbered), Tips, and a full-page screenshot of the screen you should see.
- Pause after each step and confirm the Expected outcome before continuing.
- Ask your Urbeno facilitator to advance staff/factory actions when your role cannot perform them.
- Record questions in your notebook; report defects using the Client/Factory/Admin UAT results workbook.

Training agenda

- Step 1 Sign in as Super Admin
- Step 2 Operations dashboard overview
- Step 3 Requests queue across stages
- Step 4 Open a Stage 1 / new request
- Step 5 Acknowledge Request
- Step 6 Assign Vehicle (with Super Admin backdate)
- Step 7 Weighment context on request detail
- Step 8 Invoice panel on an invoiced request
- Step 9 MRN hand-off note (factory-owned)
- Step 10 Form 6 / recycling
- Step 11 Certificate of Destruction upload
- Step 12 Closure hand-off to the client
- Step 13 Operational and compliance reports
- Step 14 Masters administration
- Step 15 Users: client_readonly and auditor roles
- Step 16 Profile, MFA, and letterhead
- Step 17 Sign out

Step 1 - Sign in as Super Admin

What to do

1. Open <https://tectrack.urbeno.in> in Chrome, Edge, or Safari.
2. Enter your @urbeno.in Super Admin email from the account notification.
3. Enter your password and click Sign In.
4. Complete two-factor authentication if enrolled.
5. Accept Terms of Use and Privacy Policy on first login if prompted.
6. Change a temporary password immediately when the must-reset gate appears.

Tip: Super Admin can change Masters, reset passwords, and backdate historical lifecycle dates from 2026-04-01. Protect MFA and never leave the session unlocked on a shared machine.

The image shows a login form for Urb TecTrack. At the top, there is the Urbeno logo (a green circular arrow) and the text "Urbeno RECYCLING HEROES". Below this is the "Urb TecTrack™" logo and the text "E-waste management platform". The form has two input fields: "Email" with the placeholder "you@company.com" and "Password" with a masked password "*****". A green "Sign In" button is below the password field. At the bottom, there is a link for "Forgot password?".

Step 2 - Operations dashboard overview

What to do

1. Confirm you land on the Operations Dashboard (admin variant).
2. Review tiles: New Requests / awaiting acknowledgement, open work, and operational KPIs.
3. Note full navigation: Dashboard, Requests, Recycling Heroes, Sustainability, Capacity, Masters, Reports, Audit, Compliance.
4. Use the New Requests (or Stage 1) shortcut to jump into acknowledgement work.
5. Remember the hand-off map: Ops often does ack -> vehicle -> weigh; Factory does MRN -> Form 6; you cover billing, CoD, Masters, Audit, Compliance, and backdating.

Tip: You see every organisation. Treat client data as confidential even inside Urbeno. If Compliance or Masters is missing from the menu, you are not on a Super Admin session.

Step 3 - Requests queue across stages

What to do

1. Open Requests from the top navigation.
2. Scan stage badges (1-9) and invoice mini-badges on each row.
3. Filter or search for Stage 1 items awaiting acknowledgement, or jump to a known REQ- id.
4. Prefer seeded demos for training walkthroughs (e.g. stage-1, vehicles, invoiced, closed samples) so you do not invent live client data.
5. Open a row to reach request detail - all lifecycle actions live there.

Tip: Keep unique suffixes on registration / invoice / e-way / certificate numbers during re-runs. Walk one request carefully before bulk practice.

Step 4 - Open a Stage 1 / new request

What to do

1. Open a Stage 1 request (awaiting acknowledgement).
2. Read site, location, approx qty/weight, notes, and raised-by details.
3. Decide: Acknowledge, Request changes (with a clear note), or Reject when the UI offers it.
4. Do not invent missing client site details - send Request changes instead.
5. After acknowledgement the request moves to Vehicles & Weighment.

Tip: Clients raise Stage 1. Operations Managers and Super Admins acknowledge. Factory cannot acknowledge.

Step 4b - Acknowledge Request

What to do

1. Click Acknowledge Request (or Acknowledge on the dashboard queue).
2. Review the summary in the modal (site, weight, units, request date).
3. Confirm acknowledgement - an email is sent using the Request Acknowledgement template.
4. Expected outcome: stage advances toward Vehicles & Weighment.

Tip: If the button is missing, the request is already past Stage 1 - open another Stage 1 demo or continue with Assign Vehicle on an acknowledged request.

Acknowledge Request — REQ-00099

Accepting this request moves it to **Vehicles & Weighment** and sends an automatic acknowledgement email to the requestor.

Step 5 - Assign Vehicle (with Super Admin backdate)

What to do

1. On an acknowledged request, click Assign Vehicle (or + Add Vehicle).
2. Enter registration, vehicle type, logistics partner, driver name, and phone.
3. Set Expected pickup date and time (or a quick time slot).
4. Super Admin only: historical expected pickup dates from 2026-04-01 are allowed when the backdate hint is shown - use this for FY catch-up uploads, not day-to-day ops.
5. Add team members if required, then save.
6. Operations Managers can also assign vehicles but cannot use the Super Admin historical backdate window.

Tip: Never invent a registration plate for a live pickup. The form hint confirms the historical upload window from 2026-04-01.

Assign Vehicle — REQ-00046

Assign as many vehicles as this pickup needs. Each vehicle carries its own team and weightment.

Cancel Assign vehicle

Step 6 - Weighment context on request detail

What to do

1. Open a request that already has vehicles.
2. Review existing weighment rows (slip #, gross / tare / net, photos).
3. When training live: use Record Weighment on an unweighed vehicle.
4. Super Admin historical weighment dates: from 2026-04-01 when the backdate hint appears.
5. After all vehicles are weighed, Acknowledge loading complete, then Raise Invoice.

Tip: Seeded invoiced demos may already be weighed - that is fine for showing completed evidence. Practice Record Weighment on a fresh vehicle when available.

Step 7 - Invoice panel on an invoiced request

What to do

1. Open a request that already has an invoice (Stage 5+).
2. Review invoice number, taxable / tax / total, billing weight, and e-way details.
3. From here Factory can Create MRN; you can Record Payment and later Upload Certificate.
4. Use Add Invoice only when splitting a pickup into another bill.

Tip: Seeded REQ demos often already show a raised invoice - use them to teach the post-invoice path without inventing numbers.

REQ-00047 3. Invoicing & Material Receiving
TechCorp Pvt Ltd - Embassy Tech Village - PO-DEMO-002 - raised 12 Aug 2026

Request Details 1 of 5 Vehicles & Weight 2 of 5 Invoicing & Material Receiving 3 of 5 Recycling & Compliance 4 of 5 Closed 5 of 5

1 Request Details Done
Raise and acknowledge the pickup request

+ Pickup Edit
95 kg - 40 units - 12 Aug 2026

2 Vehicles & Weight Done
Assign vehicles and record weight

+ Assigned vehicles (2) 1,600 kg net
KAOIABOIOIO 1,300 kg - KA-OI AB IIII 300 kg

Acknowledge loading complete
All vehicles are weighed with slips/photos uploaded. Confirm loading is finished to unlock invoicing.

✓ Acknowledge loading complete

3 Invoicing & Material Receiving Current Locked
Raise invoices and record goods receipt (MRN)

Acknowledge loading complete after every vehicle is weighed and weightment slips are uploaded.

4 Recycling & Compliance
Issue Form 6, then upload the Certificate of Destruction

- Recycling / Form 6 Pending
Awaiting processing at the factory.

Process & Issue Form 6

Certificate of Destruction
Issue Form 6 first. The Certificate of Destruction is not available until Form 6 is generated.

- Recycling / Form 6 F6-00120 Edit Form 6 ↓ Form 6

Step 9 - MRN hand-off note (factory-owned)

What to do

1. After invoice exists, Factory creates the MRN (goods receipt).
2. Super Admin can perform MRN when covering for Factory, but training should emphasise the hand-off.
3. Open an invoiced request and confirm the MRN card / status area.
4. Clients never see MRN numbers - verify that boundary in Client training.
5. After MRN, Factory proceeds to Process & Issue / Submit Form 6.

Tip: Missing Create MRN on this seed is OK - document the Factory hand-off and continue with a closed sample for CoD / close context.

Step 10 - Form 6 / recycling

What to do

1. After MRN exists, open Recycling / Form 6 controls on the invoice.
2. Factory enters category split so totals equal billing weight exactly, then submits for review (or issues per design).
3. Super Admin Approves & releases Form 6 (or returns it to Factory with a reason).
4. Download Form 6 PDF when available for the audit pack.
5. Capacity warnings near 80% / blocks at 100% TPA must be respected - document overrides.

Tip: Category split must equal billing weight. Clients can download approved Form 6; they never see MRN.

Process Invoice — Inv-111111

Form 6 is issued per invoice. Weight and quantity come from invoice Inv-111111. Select the vehicles that belong on this manifest.

Form 6 number: F6/2627/[next]
 Invoice Inv-111111 - billed 300 kg - qty 220 - E-way bill: EWB-DEMO-001
 Number format F6/[FY]/[0000] — resets each April

Processing Date: 04/09/2026
 Facility: Urbano Bengaluru Facility
 Super Admin historical upload: dates from 2026-04-01 are allowed.
 Categories below are the lines authorised for this facility

Devices Destroyed: 220

Vehicles on this Form 6

VEHICLE	DRIVER	NET KG
☒ KA-01 AB 1111	Bharat	300

Category Split every kilogram on this invoice must land in an authorised category

REC-CEEWT — Television sets (LCD/LED) 300

from consignment line: Ewaste scrap mix

+ Add category line Balance to 300 kg Split 300 kg ✓ Accounts for the full invoice

Material Recovery by Category saved from each category's material amount — adjust to actual yield.

Cancel Issue Form 6

WhatsApp Terms of Use Privacy & Data Compliance Notice Support

Step 11 - Certificate of Destruction upload

What to do

1. After Form 6 is approved, click Upload Certificate on the Certificate of Destruction card.
2. Enter a unique certificate number and certificate date.
3. Attach the signed CoD PDF.
4. Super Admin may historical-backdate CoD dates from 2026-04-01 when the hint is shown.
5. Upload & email certificate (or equivalent). Duplicate certificate numbers must be refused.
6. After CoD + payment, the Client User performs Review & Close - not Super Admin on the normal path.

Tip: Never reuse certificate numbers. Payment can remain open on client terms without blocking CoD, but close requires both.

Step 12 - Closure hand-off to the client

What to do

1. Confirm CoD is on file and payment status on the invoice panel.
2. Tell trainees: Client User opens the request -> Review & Close -> Acknowledge closure.
3. Client Read Only can view / download Form 6 and CoD but cannot raise or close.
4. Super Admin verifies Audit shows certificate, payment, and close events.

Tip: Missing Review & Close for Super Admin is expected - capture the invoice end-state and document the client hand-off.

The screenshot displays the Urb TecTrack Super Admin interface for a request closure. The left sidebar shows navigation options: Overview (Dashboard, Requests), Impact (Recycling Heroes, Sustainability, Capacity), Records (Reports, Masters, Audit, Compliance), and a user profile for Manish (Urbano - Super Admin).

The main content area shows the 'Requests' section with a search bar and a list of requests. The selected request is 'REQ-00050' (5. Closed) for TechCorp Pvt Ltd - Embassy Tech Village - PO-LIFE-50 - raised 04 May 2026. The request progress bar shows: Request Details (1 of 5), Vehicles & Weightment (2 of 5), Invoicing & Material Receiving (3 of 5), Recycling & Compliance (4 of 5), and Closed (5 of 5).

The 'Request Details' section shows the pickup request: 220 kg - 48 units - 04 May 2026. The 'Vehicles & Weightment' section shows assigned vehicles (1) with a net weight of 220 kg, listing vehicle KA60LC1050.

The 'Invoicing & Material Receiving' section shows the request is 'Done' and 'Locked'. The 'Recycling & Compliance' section shows the request is 'Done' and includes a 'Recycling / Form 6' (F6/2627/8808) and a 'Certificate of Destruction' (DC00-LIFE-50).

The 'Certificate of Destruction' section shows a table with columns: CERTIFICATE, DEPARTMENT / SCOPE, ISSUED, EMAILED, and a 'Download' button. The table contains one row: DC00-LIFE-50, whole invoice, 16 May 2026, sent.

The 'Serial-level custody (10)' section shows a table with columns: SERIAL, ASSET TAG, DEVICE, STATUS, and DEVICE COD. The table contains 10 rows of device information, including Dell Latitude 5420, HP EliteBook 840, Lenovo ThinkPad T14, Western Digital WD Blue 1TB, Dell PowerEdge R640, and Apple MacBook Pro 14.

The 'Certificates of Destruction' section shows a table with columns: CERTIFICATE, DEPARTMENT / SCOPE, INVOICE, ISSUED, EMAILED, and a 'Download' button. The table contains one row: DC00-LIFE-50, whole invoice, INV-LIFE-50, 16 May 2026, sent.

The 'Compliance Documents' section shows a table with columns: DOCUMENT, NUMBER, INVOICE, DATED, and DETAIL. The table contains three rows: MRN (Internal), Form 6, and Certificate. Each row has a 'Download' button.

The 'Closed' section shows the request is 'Current' and 'Closed 2026-05-18'.

The footer contains the Urb TecTrack logo, contact information, and a list of links: WhatsApp, Terms of Use, Privacy & Data, Compliance Notice, and Support.

Step 13 - Operational and compliance reports

What to do

1. Open Reports.
2. Run Request Summary, Complete Request Summary, Invoice Register, Sustainability, Heroes, Serials, Form 6 Log, Certificate Log as needed.
3. Set FY / period filters and export CSV or PDF.
4. Cross-check figures against a known closed REQ- during training.
5. When preparing client-facing exports, ensure tenancy filters are correct - Factory MRN data must not leak to clients.

Tip: Exports may contain multi-client data. Store them securely and share only what the recipient is entitled to see.

The screenshot displays the 'Reports' section of the Urb TecTrack application. The left sidebar contains navigation links for Dashboard, Requests, Recycling Heroes, Sustainability, Capacity, Reports (highlighted), Masters, Audit, and Compliance. The main content area shows the 'Reports' header with a search bar and filters for 'Reporting Period' (Financial Year: FY 2026-27) and 'Report & Scope' (Request Summary, Client: All clients, Site: --). Below this is a table of requests with columns: REQUEST, CLIENT, SITE, PO REF, RANDED, STAGE, VEHICLES, INVOICES, DECLARED KG, NET KG, and CLOSED. The table lists various requests from different clients like TechCorp Pvt Ltd, Embassy Tech Village, and Bharat Retail, with details on their status, stage, and associated metrics.

Step 14 - Masters administration

What to do

1. Open Masters.
2. Use tabs: Users, Clients, Sites, Factories, Categories, Lookups, Email, Company as available.
3. Prefer deactivating referenced sites instead of deleting them.
4. Letterhead / company profile feeds Form 6 and MRN PDFs - verify GST and address before save.

Tip: Never disable your own Super Admin account. Prefer throwaway users for password-lockout drills.

Client ID rules

Each client gets a unique 4-character uppercase code (letters and digits). It is fixed at creation and used across invoices, MRNs, reports and exports. Prefixes URB, ADM, SYS and TEST are reserved for Urbeno internal use.

Urb TecTrack™ · Urbeno Private Limited · Recycling Heroes™
CPCB registered · KSPCB authorised · ISO 9001:2015 · ISO 14001:2015 · ISO 45001:2018 · ISO/IEC 27001:2022

Step 14b - Users: client_readonly and auditor roles

What to do

1. Open the Users tab.
2. Create or edit users carefully - welcome emails include temporary passwords (share out-of-band only).
3. Role Client Read Only: can view requests and download Form 6 / Certificate of Destruction; cannot raise or close requests.
4. Role Auditor: Urbeno @urbeno.in read-only across clients - reports / audit-style visibility without mutating lifecycle.
5. Other roles: Super Admin, Operations Manager, Factory Manager, Client User.
6. Password reset: Edit user -> Reset / regenerate -> communicate temporary password securely; user must change it on next login.

Tip: Staff and auditor emails must be @urbeno.in. Password reset signs the user out of all sessions and is audited.

The screenshot displays the Urb TecTrack Super Admin interface. The left sidebar shows the navigation menu with 'Masters' selected. The main content area is titled 'Master Data' and contains a tabbed interface with 'Users' selected. A table lists 8 users with columns for Name, Email, Role, Scope, and Status. The footer includes contact information and legal notices.

NAME	EMAIL	ROLE	SCOPE	STATUS
Anand Desai	anand@bharatretail.in	Client User	Bharat Retail - all sites	Active
Deepa Rao	ops@urbeno.in	Operations Manager	ack · vehicles · reports	Active
Manish Jain	admin@urbeno.in	Super Admin	full access	Active
Meera Iyer	meera@infosoft.in	Client User	Infosoft Solutions - all sites	Active
Priya Sharma	priya@techcorp.in	Client User	TechCorp Pvt Ltd - all sites	Active
Ramesh Kumar	ramesh@techcorp.in	Client User	TechCorp Pvt Ltd - all sites	Active
Ravi Shankar	kgf@urbeno.in	Factory Manager	Urbeno KGF Integrated Facility	Active
Suresh Babu	blr@urbeno.in	Factory Manager	Urbeno Bengaluru Facility	Active

Step 15 - Profile, MFA, and letterhead

What to do

1. Open Profile.
2. Confirm Role is Urbeno Admin / Super Admin.
3. Enrol or manage Two-factor authentication (mandatory for privileged staff).
4. Update password per policy when required (length + complexity).
5. Edit Urbeno letterhead / company details if shown - these print on Form 6 and MRN.

Tip: Letterhead mistakes appear on legal PDFs. Keep a break-glass second Super Admin for MFA recovery.

The screenshot displays the 'Your profile' page in the Urb TecTrack Super Admin interface. The page is divided into several sections:

- Header:** Includes the Urb TecTrack logo, a search bar, and a notification bell. The user's name 'YU Manish' and a 'Logout' button are visible in the top right.
- Left Sidebar:** Contains navigation links for Overview, Dashboard, Requests, IMPACT, Recycling Heroes, Sustainability, Capacity, RECORDS, Reports, Masters, Audit, and Compliance.
- Profile Section:**
 - Your Name:** YU Super Admin
 - EMAIL:** your.name@company.com
- Contact:**
 - Phone: 1800-123-4567
 - Email: info@urbeno.in
- Two-factor authentication:**
 - Status: Required within 0 days
 - Message: Not enrolled. Super Admins, Ops, and factory managers must set up two-factor within 15 days of account creation — authenticator app or email OTP.
 - Button: Set up two-factor
- Change password:**
 - Current password: [Input field]
 - New password: [Input field]
 - Confirm new password: [Input field]
 - Message: 10 characters or more, an upper-case letter, a lower-case letter, a digit. It cannot repeat your last 5 passwords.
 - Button: Update password
- Urbeno letterhead:**
 - Message: Statutory company details (GSTIN, PAN, CIN, CPCB / State PCB, logo) are maintained in Masters → Company & Letterhead. Values are stored in the backend and print on Form 6 / MRN.
 - Urbeno Private Limited**
 - Bengaluru, Karnataka, India
 - GST 29AABCU1234R1ZW
 - PAN AABCU1234R
 - CIN
 - CPCB CPCB/EPR/2022/KA/00817
- ISO certifications:**
 - Message: Audited and issued by TÜV Rheinland. Full certificate pack on the Urbeno site.
 - List:
 - ISO 9001:2015 — Quality Management System
 - ISO 14001:2015 — Environmental Management System
 - ISO 45001:2018 — Occupational Health & Safety
 - ISO/IEC 27001:2022 — Information Security Management
 - Button: View certificates on urbeno.in →

Step 15b - Sign out

What to do

1. Click Logout / Sign out.
2. Confirm the Sign In screen appears.
3. Lock the workstation if stepping away mid-session instead of leaving the portal open.

Tip: Admin sessions can change production masters - treat them like production console access.

The image shows a sign-in screen for Urb TecTrack. At the top, there is the Urbeno logo (a green circular arrow) and the text 'Urbeno RECYCLING HEROES'. Below this is the 'Urb TecTrack™' logo and the tagline 'E-waste management platform'. The sign-in form has two input fields: 'Email' with the placeholder 'you@company.com' and 'Password' with masked characters '*****'. A green 'Sign In' button is positioned below the password field. At the bottom of the form, there is a link that says 'Forgot password?'.
