The image shows a login interface for Urb TecTrack. At the top, there is the Urbeno logo (a green circular arrow) followed by the text 'Urbeno RECYCLING HEROES'. Below this is the 'Urb TecTrack™' logo and the tagline 'E-waste management platform'. The login form consists of two input fields: 'Email' with the placeholder 'you@company.com' and 'Password' with masked characters '*****'. A green 'Sign In' button is positioned below the password field. At the bottom of the form, there is a link that says 'Forgot password?'. The entire login card is centered on a light green background.

What to do

1. Land on the Operations Dashboard.
2. Review open requests, KPIs, and shortcuts into the queue (e.g. New Requests / awaiting acknowledgement).
3. Confirm navigation: Dashboard, Requests, Recycling Heroes, Sustainability, Capacity, Reports.
4. Confirm you do NOT see Masters, Audit, or Compliance - those are Super Admin / Auditor areas.

Tip: You see all client organisations. Treat data as confidential. If Masters appears in your menu, stop and report a Blocker.

Step 4 - Lifecycle actions in your scope

What to do

1. On request detail, read the stage badge and header (site, dates, approx weight).
2. Stage 1: Acknowledge Request or Request changes / Reject when offered.
3. After ack: Assign Vehicle - you cannot use Super Admin historical backdating from 2026-04-01.
4. Stage 4: Record Weighment (weighment date is today for Operations; both photo sets required).
5. Acknowledge loading complete after every vehicle is weighed.
6. Refresh as Super Admin raises the invoice and Factory completes MRN / Form 6 / CoD.
7. Use Queries only if your account has manage-queries (usually Super Admin only).

Tip: If a button is missing, that action is outside Operations Manager permissions - escalate rather than inventing a workaround.

The screenshot displays the Urb TecTrack Operations Manager interface.
